Finding the perfect solar installer in Atlanta, Georgia, just got easier. Skip the endless research – our guide does the heavy lifting by showcasing the top

solar companies right here in Atlanta, Georgia. We combine in-depth analysis with feedback from local customers to present you with the best. What are the best solar companies in Atlanta?

Based on our research, these are the 10 best solar companies in Atlanta: Home Best Roofing and Solar is a family-owned roofing and solar power company based in Smyrna, Georgia, just northwest of Atlanta. The company offers solar roofing installation, gutter installation and standard roof installation and repairs.

Is Atlanta a good place to go solar?

With a population of 496,480, Atlanta has a higher cost of living than the national average, which means you may pay more for a local service here than you would in a more remote area. However, this is not always the case, as regions with more sunny days than others can offer a wider range of solar opportunities.

Can solar panels help you save money in Atlanta?

Choosing the best solar panel installation company for your house in Atlanta can save you a lot of money. By offsetting your energy costs with a solar system over 20 years, you can save about \$20,000 on your electricity bills.

How can Atlanta make solar more affordable?

For instance, the city of Atlanta, jointly with other groups, has initiatives that focus on making solar more affordable for residents, businesses and nonprofits in Atlanta. The federal solar investment tax credit (ITC) is still the most significant incentive for a lot of homeowners.

How do I know if a Georgia solar company is a good company?

To evaluate Georgia solar companies, we considered several criteria. One important factor is brand reputation and certifications, which accounts for 20% of our assessment. We looked at each company's Better Business Bureau (BBB) score, how long they've been in business (at least 5 years, with 10 preferred), and the solar certifications they hold.

Are solar incentives a good idea in Atlanta?

Solar incentives and rebates can cut the cost of installing solar in Atlanta by thousands of dollars. The most significant incentive is the 30% federal solar

tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.
