

Authorized sunpower solar quote

Overview

How do I get a quote from SunPower?

By clicking “Get a Quote,” I authorize SunPower and its agents, and partners, including Blue Raven Solar, to contact me on the phone number I provided via automated and/or prerecorded message telephone calls or text messages. Calls and messages may include support, appointments, notifications, and offers. Consent is not required for purchase.

Is SunPower a good brand?

SunPower isn't just a brand—it's the record-holder for commercial silicon-cell efficiency, the inventor of back-contact designs, and the first U.S. manufacturer to top 25% module efficiency. From rigid glass-glass modules to ultra-thin SunPower flexible solar panels for RVs and yachts, the company still defines premium after 40 years in solar.

Are SunPower solar panels available in the USA?

Yes, SunPower panels are available through authorized dealers and installers across the USA. Following SunPower's 2024 restructuring, the technology continues through Maxeon Solar Technologies and certified installation partners. Ready to Power Your Project?

.

Does Solarm sell SunPower® products?

Solarm is an authorized dealer of Sunpower®, a USA corporation. We have locked in our pricing with Sunpower® for the next year, allowing you to shop with no high-pressure sales tactics. Take your time, explore your options; we have the best of many. From Home-Automation, to Backup Storage and even off-grid capabilities, there is no project too complex for us.

Does SunPower still make premium solar panels?

From rigid glass-glass modules to ultra-thin SunPower flexible solar panels for RVs and yachts, the company still defines premium after 40 years in solar. Below you'll find independent test data, installer quotes, and live pallet pricing from the SunPower panels for sale catalog at A1 SolarStore.

Does SunPower offer a complete home solution?

Sunpower offers a complete home solution besides their world-record setting efficiency and unparalleled quality. They save roof space with their x21-345watt and x22 360w panels, which are AC ready (shade?

No problem). Manage your power with their Energylink® software, which tracks not only what you produce but also what your home uses.
