

Best solar generators for the home

Overview

Are solar generators a good option for your home?

Solar generators are quiet, lack any harmful fumes and exhaust, and are completely renewable. With a handful of well-placed solar panels, you can provide a FREE supply of backup power for your home. Today, solar home backup power is within reach of everyone.

Which solar generator should I buy?

If you want a solar generator that can keep most of your appliance running during a power outage, the Lycan 5000 Power Box is a great pick. With an output of 3500W, it can not only power almost any household appliance, it can power several at the same time. In an emergency, you can keep using your fridge, TV, washing machine, and other appliances.

What is the best solar generator for home backup?

The Renogy Lycan is one of the largest and most capable solar generators in the market right now. It's designed to be wired to a home power grid. You can even set it up as a UPS, ensuring essential appliances stay powered in a blackout. That, plus its fast charging performance makes the Lycan 5000 one of the best solar generators for home backup.

What is the best portable solar generator?

We've tested several models and the Jackery Explorer 2000 Plus is our favorite solar generator, replacing the Jackery Solar Generator 2000 Pro. It can be paired with Jackery Solar Saga 200 panels, our favorite portable solar panels. The combination's light weight means it's easier to move than competitors with similar battery sizes.

What makes a good solar generator?

Solar generators need to keep the power coming in and going out. The best solar generators can simultaneously charge all your intended devices via

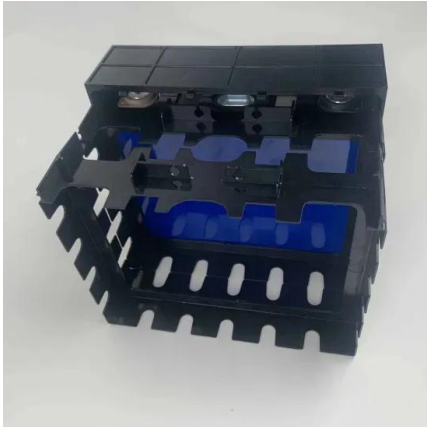

whatever plugs are necessary. Any portable power station worth your money will have a high output capacity so you can charge many devices, even if they require a lot of juice.

Which solar generator is best for living off the grid?

You'll be hard-pressed to find a solar generator better suited for living off the grid for an extended period than the Bluetti AC200 Max. It boasts a substantial 2,048Wh capacity, allowing you to power your whole life off it longer than most portable generators.
