Overview

Which solar panels are best?

The M Series panels — the most expensive — have the highest performance. X Series panels have a lower output and cost less, and the U Series is considered the budget option. Maxeon solar panels stand out for their high efficiency. The 2022 PVEL PV Module Reliability Scorecard recognized them as a Top Performer in 2022.

How do I choose the best solar panel brand?

The ConsumerAffairs Research Team conducted an unbiased evaluation of top solar panel brands on the market. To pick the best, we looked for high efficiency ratings, comprehensive warranties and good customer reviews.

How do I choose the best solar panels for my home?

To help calculate the best solar panels for homes, the Forbes Home editorial team analyzed 19 solar companies, with each company's star rating determined by evaluating a variety of metrics, including years in business, panel variety offered, the results of our NPS survey and more.

Who are the best solar panel companies?

After researching and comparing popular solar panel companies, we found that five companies stood out as top contenders for the quality, price, warranty, customer service and more that they have to offer for residential solar. Founded in Germany in 1999, Qcells is a top solar panel manufacturer specializing in new solar technologies.

Which solar panels do customers choose?

Our analytics team analyzed a year of sales data to find a clear favorite among solar.com customers. Given quotes from multiple installers and dozens of equipment options, solar.com customers choose REC or QCells panels over 73% of the time, followed distantly by Panasonic*, SEC, Canadian Solar, and

Solaria.

What is the best solar panel brand in 2023?

Our editors' top picks Our picks for best solar panel brands are Maxeon, Panasonic, LONGi and QCells. Though Maxeon is our top pick for black roof panels, Panasonic is another great option (and could be easier to find in 2023). LONGi might be better for more powerful systems, but QCells is often a better value.
