

# **Buy and install your own solar panels**

## Overview

---

Is a DIY solar panel installation a good idea?

A DIY solar panel installation is not the best option if you still rely on utility energy, which most people do. Installing solar panels without the proper expertise can lead to major issues that may cost you more in the long run.

Can I install my own solar panels?

Installing your own solar panels can be legal and cost-effective, but navigating the regulations requires careful planning. Most states allow homeowners to install solar panels themselves, provided they obtain proper permits, follow local building codes, and pass required inspections.

How much does it cost to install your own solar panels?

In contrast, our 8kW DIY solar kits currently range from \$10k-\$15k depending on the components selected. So, after factoring in taxes, shipping, and associated costs, you could save more than \$10,000 on your solar project by installing the system yourself. So what does it take to install your own solar panels?

.

How do I install solar panels?

Ground-mounted panels can be installed anywhere with good sun exposure and enough open space. A minimum of 350 square feet is usually required. Installing solar panels requires the following steps: Plan the solar energy system based on the home's size, location and energy needs. Measure, cut and assemble the support structure for the solar array.

How do I buy solar panels?

How you choose to buy solar panels depends on your financial situation and your savings goals. Paying cash is the simplest way to buy solar panels and

offers the greatest return on investment. Cash purchases are typically made in 3-4 installments. For example:.

Can you buy solar panels yourself?

While it is possible for homeowners to buy solar panels themselves, either used or directly from the manufacturer, there are a few reasons to buy them through an installer. Design a custom solar system and compare quotes online. The back way into buying solar panels is buying a house that already has solar panels installed.
