Who is Canadian Solar?

Dr. Shawn Qu, Chairman, President and Chief Executive Officer founded Canadian Solar (NASDAQ: CSIQ) in 2001 in Canada, with a bold mission: to foster sustainable development and to create a better and cleaner earth for future generations by bringing electricity powered by the sun to millions of people worldwide.

Are solar panels a good investment in Canada?

Homeowners on a fixed income or facing retirement face increasing costs to energy in many parts of Canada. Investing in solar power now can protect you against rising energy costs by locking your electricity in at a lower rate. Solar panels can increase the value of your home. How long will my solar panel installation take?

.

Does Home Depot Canada pay for solar?

The Home Depot Canada receives a commission from the Local Pro for each solar project installed under this Local Pro program. ✓ You are a residential homeowner (not available for condo dwellings). ✓ You would like more control over how and when you use electricity. ✓ Your home faces south, east, or west, for optimal solar power.

How does Canadian Solar ensure a safe supply chain?

Canadian Solar closely examines our supply chains to ensure goods imported are not mined, produced or manufactured, wholly or in part, with prohibited forms of labor, i.e., slave, convict, indentured, forced or indentured child labor. Copyright © Canadian Solar. All rights reserved
