

Solar360 Mobile Energy

Cheapest mobile foldable pv system supplier in Zambia

Overview

Why should you invest in a photovoltaic system in Zambia?

Zambia provides optimal conditions for photovoltaic (PV) with average irradiation rates of 5.5 kWh/m². To harvest that huge source of energy we provide a wide range of photovoltaic solutions for the residential, business and social sector. In general, PV systems can be divided into on-grid and off-grid systems.

Why do you need a split unit system in Zambia?

Split-unit systems are ideal solutions for the tourism and social sector as well as bigger apartment buildings. Load shedding is a constant problem in Zambia which can cause devastating revenue losses. Our backup systems will help you to be prepared in case of power outages.

Why do you need a backup system in Zambia?

Load shedding is a constant problem in Zambia which can cause devastating revenue losses. Our backup systems will help you to be prepared in case of power outages. We design solutions that will secure your electronic devices like computers, laboratory equipment or even the complete electricity supply of shopping malls.

Is SmartEnergy a vendor with FNB Zambia?

SmartEnergy is thrilled to announce that we are now a vendor with FNB Zambia, offering renewable energy systems through FNB's Alternative Energy Financing plan. We are happy to have been. SmartEnergy Technologies Limited has successfully installed a 20.7kWp solar power system for Radio Maria in Livingstone!
