

Commercial solar panel installers for boats

Overview

What types of solar panels are available for boats & vans?

We provide all sizes of premium, marine grade flexible (bimini mounted), walkable (deck mounted), rail mounted carbon fiber, and rigid (arch/davit/deck) marine solar panels for boats and vans. We use the highest efficiency solar cells available to maximize power output per square foot.

What types of boats can you outfit with solar panels?

We outfit sailboats, power boats, yachts, houseboats, trawlers, tugboats, pleasure boats, commercial fishing and ferry boats, navigation buoys, vans and RVs. Our solar panels are designed in the USA and built to our specifications especially for marine environments by highly acclaimed manufacturers.

Does a boat need a solar panel?

A boat that uses an electric motor as its primary power source requires a much larger solar panel array (and the balance of the system) than one that doesn't. You must inventory every electricity device to calculate the boat's electrical consumption. The value you are looking to calculate is the system watt requirement.

What are the best marine solar panels?

The best marine solar panels have five essential components: 1. Sunpower cells - even if a cell is partially shaded they still produce power. Sunpower's A+ grade cells (Maxeon) are among the best available putting out up to 25.4% efficiency. 2. Potted (silicone filled) junction boxes - so saltwater cannot corrode the electronics. 3.

What are marine grade solar panels?

Quality marine grade solar panels are designed with bypass diodes to stop power from cells not producing and draw more from producing cells. This

significantly reduces the impact of shading that so often occurs on boats. Properly designed solar panels using diodes eliminate the need for dedicated solar controllers for each panel.

Who is marine solar innovations?

Marine Solar Innovations Inc. was created offering innovative high quality products, competitive pricing and better service than any other enterprise in this area. Our company goal is to offer the boating and RV community "Outstanding Customer Service and Unbeatable Pricing". Direct Contact: 1-800-788-2322 EXT 700 chris.purchas@marinesolar.com
