Buy or hire Solar Powered Shipping Containers in Australia. New & used, fast delivery, top prices. Get a free quote today.

At SCS Australia, we create solar powered shipping containers that combine renewable energy technology with the strength and mobility of a shipping container. These self-sufficient units are ideal for powering off-grid operations, mobile businesses, events, and remote projects—all while reducing.

At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian conditions.

A Containerised Off-Grid System comes with up to 107kW of solar panels on SMA TriPower solar inverter (s), up to 320kWh of Lithium batteries and up to 12 x SMA Sunny Sunny Island battery inverter/charger. These are configured as 3 phase systems inside an air-conditioned and insulated shipping.

Solar Battery Rebate : Save Up To 30%\* - All Systems are rebate ready! - For Orders and inquiries Email [admin@selfsufficientaus.com.au](mailto:admin@selfsufficientaus.com.au) or call Shane 0457 955 184 ✂ For Orders & Inquiries - Phone: 0457955184 or E-mail: [admin@selfsufficientaus.com.au](mailto:admin@selfsufficientaus.com.au) - Finance Now Available! Tax included. Shipping.

As of 2025, the cost of installing solar in Australia continues to reflect equipment quality, installation conditions, and the impact of rebates. The recent Cheaper Home Batteries Program has also reduced battery prices significantly, making solar storage more accessible for households. This guide.

We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions. The solar array is

mounted directly onto the container, and can provide both off-grid and grid-tied functionality, with all necessary equipment to ensure safe and.
