

Containerized renewable power EPC service price in Chile

Overview

The latest National Energy Commission (CNE) renewable energy auction has achieved an average price of US\$23.78/MWh for contracts to supply electricity to regulated customers. This price is 27% lower than that achieved in the 2017 auction.

The latest National Energy Commission (CNE) renewable energy auction has achieved an average price of US\$23.78/MWh for contracts to supply electricity to regulated customers. This price is 27% lower than that achieved in the 2017 auction.

The lowest economic proposal was submitted by Canadian Solar Libertador Solar Holding SpA, which was 13.32 dollars per MWh for Blocks 1-A, 1- B, and 1-C. It is worth mentioning that, in this auction, 2,310 GWh/year will be purchased spread out in different energy blocks pursuant to 15-year term.

The tender award documents for contracts beginning in 2026 reveal an average price of US\$24 per MWh. Several companies with foreign capital took part in the tender process, such as Mainstream Renewable Power, Sonnedix and Canadian Solar, demonstrating the importance of foreign investment in Chile's.

The Chile Renewable Energy Market Report is Segmented by Type (Hydropower, Solar, Wind, Biomass, Geothermal, and Others), Component (Equipment and Services), and End-User (Utilities, Commercial and Industrial, and Residential). The Market Size and Forecasts are Provided in Terms of Installed.

Yingli Green Energy Holding Company Limited announced that its wholly owned subsidiary, Yingli Green Energy Europe, S.L. has signed an agreement with Jenner Renewables, to provide Engineering, Procurement and Construction services for 12 ground-mounted PV plants in Chile, with the total capacity of.

METLEN Energy & Metals continues to strengthen its position in Chile's renewable energy sector with the successful signing of three new storage EPC

(Engineering, Procurement, and Construction) agreements, marking a significant step toward advancing renewable energy in Latin America. Specifically.

Solar panel manufacturer Yingli Green Energy Holding Company's fully owned subsidiary Yingli Green Energy Europe has signed an agreement with Jenner Renewables to provide engineering, procurement and construction (EPC) services for 12 ground-mounted PV plants in Chile. These plants have a combined.
