# **Containerized renewable power EPC service price in Luxembourg**

## Overview

---

How much does an Energiepass cost in Luxembourg?

In 2025, the price varies between €500 and €600 depending on the surface area of the property. Renov.lu's expert partners offer a range of full service at a single price of €475 with delivery within 72 hours. Find out more. What is an Energy Performance Certificate (EPC)?

The energy performance certificate (EPC) or energy passport is a quality label that defines the energy performance of a building. The EPC provides information on a building's energy efficiency of buildings and thus enables a comparison with other buildings.

Do I need an EPC for energy renovations?

The establishment of an EPC does not entail any direct obligation to carry out energy renovations. When is an EPC needed?

New construction: any building that is subject to a building permit application. (A feasibility study on the use of renewable energies must be attached to the building permit application.).

How long is an EPC valid?

An EPC is valid for 10 years from the date of its issue. The establishment of an EPC does not entail any direct obligation to carry out energy renovations. When is an EPC needed?

New construction: any building that is subject to a building permit application.
