# **Containerized solar power plant quotation in Bahamas 2025**

## Overview

---

The Bahamas Utilities Regulation and Competition Authority (URCA) has approved a landmark power purchase agreement (PPA) between Shell North America and Bahamas Power and Light (BPL) to construct a 132-MW solar plant and a 25-MW battery system on New Providence Island.

The Bahamas Utilities Regulation and Competition Authority (URCA) has approved a landmark power purchase agreement (PPA) between Shell North America and Bahamas Power and Light (BPL) to construct a 132-MW solar plant and a 25-MW battery system on New Providence Island.

The Bahamas Utilities Regulation and Competition Authority (URCA) has approved a landmark power purchase agreement (PPA) between Shell North America and Bahamas Power and Light (BPL) to construct a 132-MW solar plant and a 25-MW battery system on New Providence Island. This ambitious project is set.

This signing represents a promise fulfilled: a declaration made by this administration signaling to the nation and the world that The Bahamas is ready to embrace renewable energy. For too long, we have been at the mercy of volatile fuel markets, burdened by high electricity costs, and vulnerable to.

NASSAU, The Bahamas - Fairfield Solar Plant begins operations today as one of the two solar plants in Grand Bahama developed by Lucayas Solar Power Ltd. Fairfield is the first solar plant in The Bahamas financed by IDB Invest under a power purchase agreement (PPA) framework and will foster.
