

Custom marine products walkable solar panel

Overview

What types of solar panels are available for boats & vans?

We provide all sizes of premium, marine grade flexible (bimini mounted), walkable (deck mounted), rail mounted carbon fiber, and rigid (arch/davit/deck) marine solar panels for boats and vans. We use the highest efficiency solar cells available to maximize power output per square foot.

What types of boats can you outfit with solar panels?

We outfit sailboats, power boats, yachts, houseboats, trawlers, tugboats, pleasure boats, commercial fishing and ferry boats, navigation buoys, vans and RVs. Our solar panels are designed in the USA and built to our specifications especially for marine environments by highly acclaimed manufacturers.

Which solar cells are best for marine solar panels?

The premium monocrystalline SunPower cells and PERC cells used in our marine solar panels provide the best all around performance of any solar cells on the market generating the highest Watt hours of power per day.

Are marine solar panels a good source of electrical power?

Marine solar panels are an excellent source of electrical power for your cruising sailboat or power boat (or camper van or houseboat or off-grid home). We at Custom Marine Products have developed numerous approaches to installing marine solar systems easily and cost effectively. Here is our full line of solar panels.

What are marine grade solar panels?

Quality marine grade solar panels are designed with bypass diodes to stop power from cells not producing and draw more from producing cells. This significantly reduces the impact of shading that so often occurs on boats. Properly designed solar panels using diodes eliminate the need for dedicated

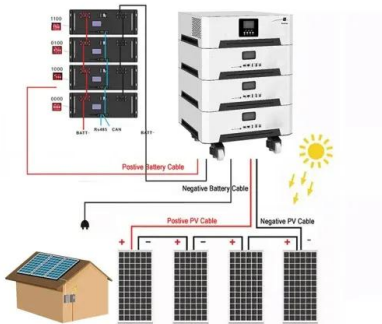

solar controllers for each panel.

What are marine solar panels?

With a sleek, impact-resistant build, these panels integrate effortlessly into your vessel, optimizing energy efficiency without compromising aesthetics. Designed specifically for marine applications, these solar panels are lightweight yet incredibly strong, ensuring they endure the demands of open waters.

Custom marine products walkable solar panel

[Semi-Rigid Walkable Marine Solar Panels . Custom ...](#)

Discover high-quality semi-rigid walkable marine solar panels at Custom Marine Products. Our collection offers durable and efficient solar panels designed for the marine environment, perfect for boats and yachts.

[CMP 165 Watt Walkable SunPower Shade Tolerant ...](#)

The Custom Marine Products 165 Watt Walkable SunPower Shade Tolerant Semi-Rigid Solar Panel (CMP24165SRX) is built to withstand the harsh marine environment and is ideal for mounting on a rigid boat surface or a camper van ...

[Walkable Solar Panels: Our Top Picks for an Off-Grid ...](#)

Michigan-based Custom Marine Products made a name for itself by developing solar systems for sailboats. However, the company also produces an awesome collection of solar panels for camper vans. Custom Marine ...

[Premium Marine Solar Panels and Full Solar Systems](#)

*** NEW *** Custom Marine Products has released a new series of marine solar panels. With a strong aluminum backing and very thick

ETFE laminate non-skid surface, these panels can be walked on without fear of damaging the solar

...

CMP 225 Watt Walkable PERC/HJT Semi-Rigid Solar...

The Custom Marine Products 225 Watt Walkable PERC/HJT Semi-Rigid Solar Panel (CMP26225SRP) is built to withstand the harsh marine environment and is ideal for mounting on a rigid boat surface or a camper van roof.

Open Waters Solar , Marine Solar Made in Canada

Custom Marine Solar Panels Custom solar in any shape or size designed by experts for your vessel and its electrical system. By conforming to its unique shape you maximize solar usage and space without compromise.

GRADE A BATTERY

LiFePO4 battery will not burn when overcharged, over discharged, overcurrent or short circuited and can withstand high temperatures without decomposition.

200 Watt Walkable Semi-Rigid Solar Panel , Custom Marine Products

This 200 watt semi-rigid monocrystalline solar panel will perform extremely well in both full and partial sun. It is built to withstand the harsh marine environment and is ideal for mounting on

...

175 Watt Walkable Solar Panel

The 175W walkable marine solar panel features a walkable design with a strong aluminum backing and thick ETFE laminate non-skid surface. It provides exceptional performance with premium A-Grade HJT solar cells and is ...

[Flexible Marine Solar Panels , Custom Marine Products](#)

Shop our collection of flexible marine solar panels at Custom Marine Products. Our high-efficiency, lightweight solar panels are perfect for boats and RVs, offering reliable and sustainable power solutions. Discover top-quality marine ...

[Highest Efficiency Premium Marine Solar Panels for ...](#)

Explore the essentials of marine solar panels at Custom Marine Products. Our comprehensive guide covers everything you need to know about these specialized photovoltaic systems, designed to withstand harsh marine ...

[225 Watt Walkable Semi-Rigid Solar Panel](#)

Elevate your marine or van power system with the 225 Watt Walkable Semi-Rigid Solar Panel from Custom Marine Products. Designed with advanced PERC cells, this semi-flexible panel delivers exceptional efficiency and durability, making it ...

CMP 165 Watt Walkable SunPower Shade Tolerant Semi-Rigid Solar Panel

Custom Marine Products has developed a series of flexible and walkable shade-tolerant solar panels that have superior performance when partially shaded by boat equipment or nearby ...

[CMP 330 Watt Walkable PERC/HJT Semi-Rigid Solar ...](#)

The Custom Marine Products 330 Watt Walkable PERC/HJT Semi-Rigid Solar Panel (CMP26330SRP) is built to withstand the harsh marine environment and is ideal for mounting on a rigid boat surface or a camper van roof.
