

# **Customized container solar kit quotation for India project**

## Overview

---

Are custom solar kits available in India?

Custom Solar Kits have been launched by Loop Solar in India in 2023. There are several advantages to ordering solar equipment as kits. This includes lower equipment cost, availability of capital subsidy by government of India, net-metering readiness, lower transportation cost, lower GST, less hassle and fast installation.

What is a containerized solar PV system?

Powtech's Containerized Solar PV Solution utilizes innovative hybrid technology housed within a standard 20-ft marine container, delivering up to 10,000 kWh of energy annually. The system integrates solar panels positioned atop the container, boasting a power capacity range of 4 to 8 kWp, complemented by a reliable battery backup system.

How much does a 3 kW solar plant cost in India?

The cost of a 3 KW solar power plant in India depends on your solar panel type, system components, location, etc. However, the average price of this system ranges between Rs.1,90,000 – Rs.2,30,000. If you are eligible for the solar subsidy, you will get Rs.78,000 after installation. What is the cost of a 1 KW solar plant in India?

.

What is powtech's containerized solar PV solution?
