## Overview

---

Can a containerized Solar System be installed off-grid?

Off-Grid Installer have the answer with a containerized solar system from 3 kw up wards. Systems are fitted in new fully fitted containers either 20 or 40 foot depending on the size required.

What is a solar quotation form?

Solar Quotation Form: This form enables gathering essential data from clients about their solar system needs. It is fully customizable using a user-friendly drag-and-drop editor. Simple Solar CRM: Once client information is submitted through the quotation form, it is integrated into the Solar CRM system.

What is a solar quotation system?

The solar quotation system includes a straightforward customer relationship management (CRM) system that perfectly meets the needs of solar panel companies. Overbuilt systems can often complicate the process rather than streamline it.

Are off grid solar containers reliable?

Solar equipment is very reliable but occasionally parts may fail so there is need to monitor and solve any problems. Off Grid Solar container units guarantee security and reliability and allow the engineering team to complete installations in a few days rather than weeks.

What is an off grid solar container unit?

Attaching to the grid can also be expensive and this can be an issue in the UK as well as Africa or Latin America. An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.
