

Customized mobile solar unit quotation for Greece project

Overview

Why should you choose a solar company in Greece?

Expert solar solutions for residential and commercial applications across Greece, ensuring efficiency and reliability. Tailored solar installations for homes, maximizing energy efficiency and customer satisfaction. Comprehensive solar systems for businesses, enhancing sustainability and reducing energy costs.

What are the most exciting projects in Greece?

Here you will find a selection of our most exciting projects in Greece. A solar power plant constructed on agricultural land in Central Greece. The largest bifacial solar power plant in Europe at its time. A challenging project with a natural gas pipeline crossing through the middle of the construction site.

How to choose a green field for a solar project?

Every solar project begins with a search for a suitable green field. The first step is the identification of the appropriate land (public, municipal, or private) in terms of geophysical characteristics, inclinations, area etc. Screening of the land is necessary in order to minimize potential future development risks.
