

**Solar360 Mobile Energy**

# **Customized mobile solar unit quotation for Netherlands project**

Solar Panel

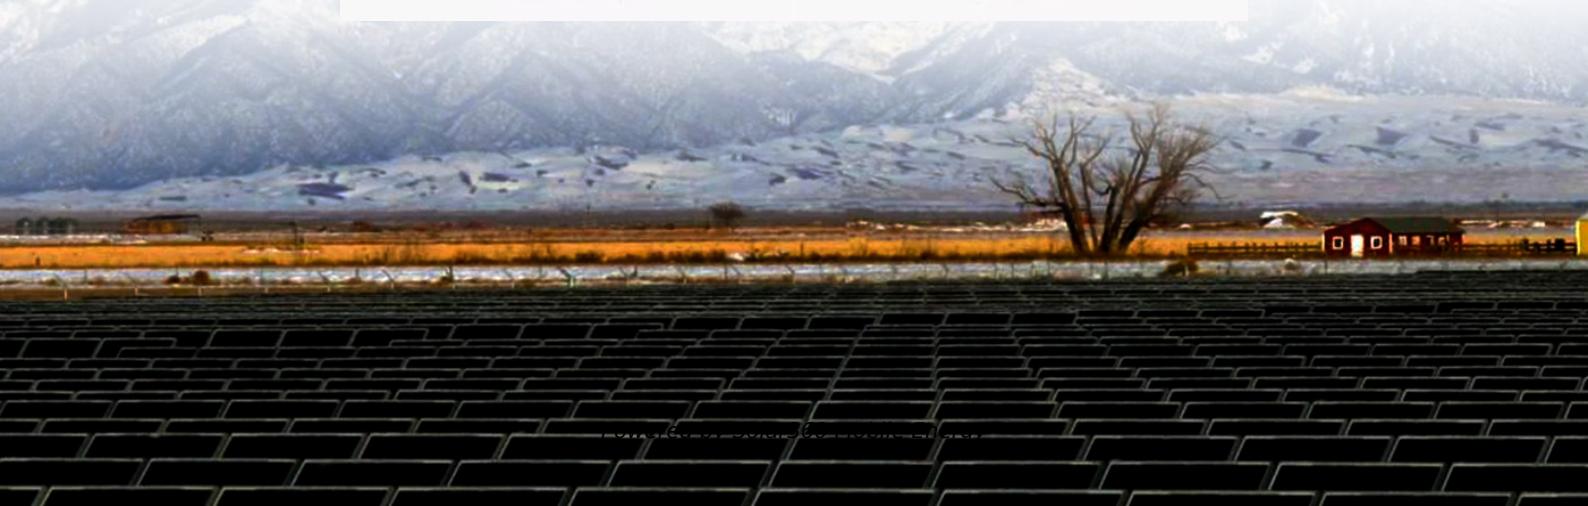

PV Combiner Box

Lithium Battery

Hybrid Inverter

## Overview

---

After we've evaluated your roof, we'll generate a solar power system proposal price range showing you all of the specifics - solar panels, inverters, batteries, savings forecast, and financing options. **EVERYTHING** all in one place, in real-time, with no salesman involved. What is a solar quotation system?

The solar quotation system includes a straightforward customer relationship management (CRM) system that perfectly meets the needs of solar panel companies. Overbuilt systems can often complicate the process rather than streamline it.

Which companies offer solar proposal software?

Read more in this article about the features, packages, prices, and reviews of OpusFlow and other companies offering solar proposal software. The six companies we researched are PV\*SOL, EasySolar, SolarGraf, Aurora Plan, 2Solar by Sollit, and OpusFlow, all operating in Europe. Based in: Berlin, Germany.

What is a solar quotation form?

**Solar Quotation Form:** This form enables gathering essential data from clients about their solar system needs. It is fully customizable using a user-friendly drag-and-drop editor. **Simple Solar CRM:** Once client information is submitted through the quotation form, it is integrated into the Solar CRM system.

How do I choose the right solar proposal software?

Selecting the right solar proposal software for your business can be challenging. It needs to be efficient, work well for your processes, and help you create the most suitable quotations for both you and your clients. To help you gain more insight, we've reviewed OpusFlow and five other European companies that offer solar proposal software.

What is a solar quote template?

Simplify quotation process with a template tailored for solar panel companies. This template includes a quotation form that enables you to easily collect data from clients and automate proposals. Looking for a streamlined way to present solar project quotes to potential clients?

Which solar companies are based in Europe?

The six companies we researched are PV\*SOL, EasySolar, SolarGraf, Aurora Plan, 2Solar by Sollit, and OpusFlow, all operating in Europe. Based in: Berlin, Germany Note: Only features that are relevant to quotation making are mentioned.
