

Data sheet sunnova solar battery

Overview

Does Sunnova offer battery backup?

Take charge with home battery backup from Sunnova. Whether you want to upgrade your solar system or just want a standalone backup power supply, we've got you covered. [Get a Quote](#) We offer industry-leading solar battery and standalone battery solutions tailored to your needs—whether you're a current Sunnova customer or not.

How does Sunnova work?

Sunnova will walk you through your solar and battery storage energy plan to ensure you are satisfied with the terms before you sign. After conducting a site survey, our in-house engineering team will design your solar panel and battery system and may adjust it to ensure it meets our high standards of quality and performance.

Is Sunnova a reputable solar company?

Sunnova is one of the nation's top solar companies, offering affordable energy plans tailored to your budget. They provide the Sunnova App for monitoring your home solar and battery system performance. Beyond solar and battery storage, Sunnova also offers roof replacement and EV upgrade services.

What does a Sunnova representative do?

A Sunnova representative, also known as a Sunnova rep, matches you with a solar and battery storage expert. This expert will discuss your energy needs, assess your home, and generate an initial design and energy savings analysis. Sunnova will then walk you through your solar and battery storage energy plan to ensure you are satisfied with the terms before you sign.

What does Sunnova solar not protect you from?

[Get a Solar Quote](#) Solar is a great way to help you take control of your energy costs — but it won't protect you from a blackout. It's time to take control with

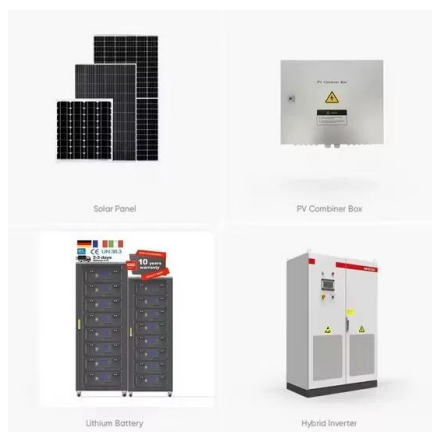

Sunnova SunSafe® solar and battery storage service. Reduce your reliance on the grid and make a smart investment that will pay dividends for years to come.

Does Sunnova solar protect you from blackouts?

Sunnova SunSafe® solar and battery storage service will not protect you from a blackout. While solar is a great way to help you take control of your energy costs, it cannot prevent power outages.
