

Electricity plans for solar

Overview

What are the best electricity plans for people with solar panels?

These are our recommendations for the best electricity plans for people with solar panels. If you want to sell excess power back to the grid at a fixed price, Chariot Energy is our recommendation for solar buyback. They offer a fixed rate for solar buyback, plus an affordable rate for the power they sell to you.

Why should you switch to a solar energy plan?

Switching to a solar energy plan with Rhythm Energy is a way to help the Lone Star State shine brighter. By doing so, you'll be joining thousands of other Texans that we proudly serve in making a positive impact. There's no better feeling than doing your part to sustain Texas' beauty for generations to come.

How do I choose the best way to use solar electricity?

Before deciding on the best way to use solar electricity at home, assess the potential solar energy that can be produced at your address. Because PV technologies use both direct and scattered sunlight to create electricity, the solar resource across the United States is ample for home solar electric systems.

Should you buy a solar energy plan in Texas?

Plans accommodate multiple energy storage solutions, including if you opt for battery storage. Certain REPs partner with solar panel installers to encourage Texans to adopt solar power. When you're a solar owner shopping for an electric plan, it pays to read the fine print.

How much does my Electric Company pay for excess solar power?

How much your electric company pays for your excess solar power depends on your electricity plan. Because you can't literally sell power back to the grid, you'll be selling it to your retail electricity provider. Some companies will pay you on net metering at a fixed rate per kilowatt hour for your excess power.

How can I support solar energy in Texas?

To support solar energy in Texas, sign up for a Texas Shine Plan. This simple action will give you the satisfaction of making a difference. There's no place like Texas, and there's no better feeling than doing your part to sustain its beauty for future generations.
