## Overview

---

Who will benefit from the \$7 billion solar for all program?

Thanks to the 60 grant recipients under the \$7 billion Solar for All Program, for the first time in history, low-income and disadvantaged communities in every state and territory - as well as Tribes across the country - will have access to affordable, resilient, and clean solar energy.

Does California have a plan for implementing the EPA grant?

California continues to work with US EPA on implementation details in alignment with EPA guidance. Past Events On June 4, 2025, the CPUC held a public California Solar for All Informational Webinar to discuss California's plan for implementing the U.S. Environmental Protection Agency grant.

Where can I find questions about the Solar for all program?

Frequently asked questions about the Solar for All program can be found on the Frequent Questions About the Fund page. Background and history on the design and competition phases of the Solar for All program can be found on the Background and History page.
