Unlike traditional fountains that rely on tangled wires or electricity, POPOSOAP's solar powered floating pond fountains bring you a smarter, cleaner way to keep water moving—powered entirely by the sun, and freely floating on your pond, birdbath, or garden basin. Why Choose a Floating Solar.

This is a floating fountain pump requiring around three feet depth of water. We also sell waterfall pumps. New in 2024, this unique floating solar fountain pump kit solves many problems people experience when installing fountains in their ponds. As it floats and does not need to be placed on a flat.

Our solar fountain pumps allow for a great mix of mother nature and manmade machinery. Each Solar floating fountain pump creates a water spray making the surrounding water environment ripple with beauty and ease. When selecting or choosing solar floating fountain from Silicon Solar, we recommend.

Our Solar Fountain Fump don't need wires or electricity needed, just place pump on water, Once solar panel gain sunlight, it will work automatically in seconds. brighter sunlight it receives, better it works. Our Solar Fountain Pump don't need wires or electricity needed, just place pump on water.
