## **Foldable solar panel stand**

## Overview

---

What is a solar panel stand?

The perfect stand for laying out in the grass or mounting permanently. These stands are fully adjustable and come with all the necessary hardware! They provide everything you need to get up and running, all at once helping the environment too! Even better, our solar panel stands are adjustable which means it can be placed on any surface.

What is a folding solar panel?

A folding solar panel is a portable solar panel that can be folded for easy storage. The surface of the panels have a robust ETFE lamination which helps to absorb more light. It comes complete with crocodile (a.k.a alligator) clips and an extension cable to connect directly to a 12 volt battery.

What is a wheeled solar panel stand?

A wheeled solar panel stand is a type of stand with wheels that allows for easy adjustment of a solar panel's position while it collects energy. The wheels enable easy movement, allowing you to use this stand anywhere with sufficient sunlight.

How do I Turn A solar panel into a suitcase?

Turn any solar panel into a freestanding suitcase with our 28" solar panel stands. You'll need one of these stands for each panel. Maximum tilt angles depend on the size of solar panels. Used on flat surface or roof. Easy of installation. The perfect stand for laying out in the grass or mounting permanently.
