Power your fountain, bird bath, or pond with a solar-powered pump. Enjoy customizable water effects and reliable performance with dry-run protection.

A solar powered fountain is a great idea for smaller ponds because the movement of the water will help create oxygen for the fish and other aquatic animals that live there. They work great for adding a bit of decoration to your garden, and if you have a birdbath, it will make a great addition there.

Harnessing the power of the sun, these energy-efficient pumps offer a sustainable way to move water for gardens, ponds, and more. We put them to the test to see how they'd perform in real-world conditions. We may earn revenue from the products available on this page and participate in affiliate.
