

# Government subsidy for container pv kit in Tunisia

### **Overview**

How much money does Tunisian government provide for solar?

The Tunisian authorities have provided \$121 million for solar thermal and PV systems. The subsidies can cover up to 30% of initial investments in residential PV installations. The Tunisian government said that it has renewed the financing mechanism for its two national residential solar programs.

How will the Energy Transition Fund work in Tunisia?

The financing will take the form of rebates granted to Tunisian households allocated by the Energy Transition Fund (FNME). The financial institution will also be able to grant loans for the purchase and installation of equipment.

Does Tunisia have a new regulatory framework?

In order to reach these targets, Tunisia has implemented a new regulatory framework through the enactment, in 2015, of Law n°2015-12 relative to electricity generation by renewable energy sources, which details three regulatory schemes: self-consumption, "authorizations" through call for projects, and "concessions" through call for tenders.

Will Tunisia reach the 2020 intermediary targets?

With the aim of reaching the 2020 intermediary targets, the Tunisian Government published the 01/2016 Renewable Energy Generation Notice, fixing the installed capacity 2017-2020 targets by technology and regulatory scheme. The notice has set an installed capacity target of 1000 MW: 650 MW of Solar PV and 350 MW of Wind.

What is a preliminary agreement in Tunisia?

The granting of a preliminary agreement by the Ministry allows the producer to establish a project company in the form of a resident company with limited responsibility (SARL) or a limited company (SA) subject to Tunisian law. The standard contracts (PPA) for the sale of electricity are published by Ministerial

What is the Tunisian Investment Fund (FTI)?

5.3.1. THE TUNISIAN INVESTMENT FUND (1/2) The Tunisian Investment Fund (FTI) is created by the law n°2016-71 of September 30th 2016, also called Investment Law bearing the law of the investment. The resources of the Fund consist of State resources, loans and grants from within and from abroad and all other resources available.
