

Government subsidy for container solar power system in Panama

Overview

Incentives available for solar projects in Panama at present include an exemption from import tax, as well as the ITMBS (VAT) for the import or local purchases of equipment, parts or materials necessary for the construction, maintenance and operation of solar projects.

Incentives available for solar projects in Panama at present include an exemption from import tax, as well as the ITMBS (VAT) for the import or local purchases of equipment, parts or materials necessary for the construction, maintenance and operation of solar projects.

The National Assembly of Panama adopted Law 417, published on 27 December 2023, which revises Law 37 of 2013 and broadens the incentive framework for the solar power sector. New incentives include tax exemptions and import duty reliefs for all individuals and entities involved in the solar.

Panama eliminates the selective consumption tax of the import tax and other levies on equipment for the construction, operation and maintenance of power plants and/or solar installations with Law 417 of December 27, 2023. This was legalized and in force in the Official Gazette number No. 29938-A of.

Among the Central American states, Panama has become very attractive to investors, not only because it boasts a stable government and uses the US dollar as its currency, but also due to the government now deploying a range of fiscal incentives to support PV, including an exemption on import taxes.

Arias Law - Law 417 of December 27, 2023, published on the eve of the end of the year, modifies a provision of Law 37 of 2013 that establishes the incentive regime for the promotion of the construction, operation and maintenance of solar power plants and/or installations. The new regulation.

Law 417 of December 27, 2023, published by the end of the year, amends a provision of Law 37 of 2013 that establishes the incentive regime for the construction, operation, and maintenance of solar power plants and/or installations. The new regulation establishes as incentives, not only for.

La Secretaría de Energía de Panamá, en coordinación con el Ministerio de Economía y Finanzas, aprobó la " > Resolución N.º MIPRE-2025-0002492, que detalla los accesorios y equipos que califican para los incentivos fiscales contemplados en la Ley 37 de 10 de junio de 2013. Esta decisión busca ofrecer.
