

Government subsidy for container solar solutions in Panama

Overview

New incentives include tax exemptions and import duty reliefs for all individuals and entities involved in the solar industry, covering equipment and materials necessary for solar projects. This amendment also applies to ongoing constructions, providing a timeframe for exemption.

New incentives include tax exemptions and import duty reliefs for all individuals and entities involved in the solar industry, covering equipment and materials necessary for solar projects. This amendment also applies to ongoing constructions, providing a timeframe for exemption.

The National Assembly of Panama adopted Law 417, published on 27 December 2023, which revises Law 37 of 2013 and broadens the incentive framework for the solar power sector. New incentives include tax exemptions and import duty reliefs for all individuals and entities involved in the solar.

Among the Central American states, Panama has become very attractive to investors, not only because it boasts a stable government and uses the US dollar as its currency, but also due to the government now deploying a range of fiscal incentives to support PV, including an exemption on import taxes.

Panama eliminates the selective consumption tax of the import tax and other levies on equipment for the construction, operation and maintenance of power plants and/or solar installations with Law 417 of December 27, 2023. This was legalized and in force in the Official Gazette number No. 29938-A of.

La resolución incluye dispositivos como controladores de carga solares, rieles y bases para paneles, dispositivos de apagado rápido, robots para limpieza de paneles solares y sistemas de almacenamiento térmico, entre otros. Ciudad de Panamá/ Para garantizar que los beneficios fiscales sean.

Arias Law - La Ley 417 de 27 de diciembre de 2023, publicada en la víspera del fin del año, modifica una disposición de la Ley 37 de 2013 que establece el régimen de incentivos para el fomento de la construcción, operación y mantenimiento de centrales y/o instalaciones solares. La nueva normativa.

Descubre los incentivos fiscales para los desarrolladores de parques solares en Panamá en la búsqueda de reducir la dependencia de combustibles fósiles o la prestación del servicio de electricidad. ¿Qué beneficios puedo obtener por el desarrollo o promoción de las energías renovables?

El gobierno.
