

# **Government subsidy for modular solar power container in Portugal**

## Overview

---

The European Commission has approved a €350 million Portuguese grant scheme for the production of equipment for renewable energy. The funds, which will be granted no later than Dec. 31, 2025, will take the form of direct grants.

The European Commission has approved a €350 million Portuguese grant scheme for the production of equipment for renewable energy. The funds, which will be granted no later than Dec. 31, 2025, will take the form of direct grants.

The Minister of the Environment, Duarte Cordeiro, announced the reopening of applications to the More Sustainable Buildings Program from August 16 until October 31. The allocation of the first notice of 2023 will be 30 million euros. There is good news and bad news for those who have invested in.

The European Commission (EC) has approved a €1 billion (US\$1.1 billion) Portuguese state aid scheme to support investments in the production of renewable energy equipment. Among the equipment that will be open to receive direct grants are solar panels, batteries and electrolyzers. Key components.

The country saw a jump in the deployment of solar driven by the adoption of renewable energy auctions as a procurement tool for new utility scale renewables projects in June 2019. The first auction, for the right to build and operate floating solar plants on dam reservoirs, in April 2022, set a.

Portugal's EUR 350 million state aid scheme for renewable energy equipment approved by the European Commission, accelerating the country's transition to a net-zero economy. The European Commission has approved a EUR 350 million state aid scheme in Portugal to support the production of renewable.

The European Commission (EC) on Friday said it has greenlit a EUR-1-billion (USD 1.1bn) state aid scheme in Portugal to support investments for the production of equipment needed to facilitate the transition towards a net-zero economy. The aid will be awarded in the form of direct grants to.

The European Commission has approved a €350 million Portuguese scheme to support investments for the production of equipment necessary to foster the transition towards a net-zero economy, in line with the Green Deal Industrial Plan. The scheme was approved under the State aid Temporary Crisis and.
