

# **Government subsidy for portable solar container in Bulgaria**

## Overview

---

As part of the National Recovery and Resilience Plan, the Ministry of Energy of Bulgaria has financed grants for households of 100% for solar thermal collectors and 70% for photovoltaic installations.

As part of the National Recovery and Resilience Plan, the Ministry of Energy of Bulgaria has financed grants for households of 100% for solar thermal collectors and 70% for photovoltaic installations.

Bulgarian households can apply for grants for photovoltaic systems and solar collectors for own consumption until November 10. The government's program is worth EUR 123 million, of which EUR 40.8 million is for the first round. As part of the National Recovery and Resilience Plan and.

Bulgarian households can apply for grants to install photovoltaic systems and solar collectors for own consumption. As part of the National Recovery and Resilience Plan, the Ministry of Energy of Bulgaria has financed grants for households of 100% for solar thermal collectors and 70% for.

Bulgaria's energy ministry on Tuesday said that a scheme to support the installation of photovoltaic (PV) systems by households is now open to applications. Residential solar system. Author: David TREBOSC. License: Creative Commons, Attribution-NoDerivs 2.0 Generic. The launch of the scheme follows.

The Ministry of Energy announced for public consultation a procedure by which Bulgarian households can benefit from financing for the construction of photovoltaic systems. Eligible applicants are all natural persons, Bulgarian citizens, citizens of another Member State of the European Union or.

The Bulgarian Ministry of Energy has announced that a BGN 240 million (\$134 million) rebate scheme is now open for applications from households seeking to install solar water heating systems and rooftop PV arrays, potentially coupled with battery energy storage systems. The Bulgarian Ministry of.

systems with storage. (Illustrative Photo; Photo Credit: rangizzz/Shutterstock.com) The Ministry of Energy in Bulgaria is offering BGN 240 million (\$135 million) budget to support residential solar installations of up to. How much money will be distributed from Bulgaria's National Recovery & Resilience Plan?

Following the final approval from the European Commission, a total of BGN 140 million will be distributed from Bulgaria's National Recovery and Resilience Plan, with the remaining sum coming from additional state and private sector funding. As much as BGN 80 million will be distributed in the first funding round.

Why is the Ministry of energy launching a call for standalone energy storage units?

The Ministry of Energy acknowledged that it is issuing the public call for standalone energy storage units after a long delay. The main objective of the investment is to facilitate a significant increase in the share of wind and solar power in the energy mix and to guarantee the security and stability of the national electricity system.

Will a battery energy storage system be integrated with renewable electricity plants?

Bulgaria already held the first two tenders for battery energy storage systems (BESS) that would be integrated with renewable electricity plants. Renalfa IPP commissioned its first utility-scale battery energy storage system in June.
