

# **Government subsidy for power container in Indonesia**

## Overview

---

Why is Indonesia launching a new energy subsidy scheme?

Bambang Ismoyo, Heru Andriyanto, Jakarta - The Indonesian government is formulating a new energy subsidy scheme to better target assistance toward those who need it most, Energy and Mineral Resources Minister Bahlil Lahadalia announced on Tuesday.

When will fuel subsidies be reformed in Indonesia?

In May 2011 the government announced that fuel subsidies will be retained but the distribution mechanism will be changed to a direct and targeted subsidy. A roadmap for the reform will be announced in July 2011 (KOMPAS, 2011b). The government of Indonesia has been trying to reduce subsidies for electricity by increasing tariffs.

What if Indonesia doesn't steer away from carbon-intensive electricity generation?

A future of stranded assets may ensue if the Indonesian government does not steer away from the carbon-intensive generation of electricity (van der Ploeg and Rezai, 2020). So far, Indonesian enterprises have expanded speedily owing to low electricity prices driving up energy demand (Sarwar et al., 2017).

Who is most affected by the reduction of subsidies in Indonesia?

Economic modelling by Clements, Jung and Gupta (2007) found that those most impacted by the reduction of subsidies in Indonesia would be high-income groups in urban and rural environments as they consume the most petroleum products.

What is the difference between subsidized & non-subsidized LPG tanks in Indonesia?

In the case of LPG in Indonesia, the price difference between a subsidized 3 kg

LPG tank and a non-subsidized 12 kg LPG tank encourages the illegal transfer of the content of 3 kg tanks into 12 kg tanks.
