According to the media statement released by the YAB Deputy Prime Minister and Minister of Energy Transition and Water Transformation (PETRA) on 27 March 2024, the government has introduced a specific incentive program to encourage the installation of solar PV systems for domestic consumers known.

The NEM 3.0 scheme allows solar system owners to export excess electricity back to the grid and receive a 1:1 credit offset on their electricity bills. It's available under three categories: NEM credits can be rolled over for up to 12 months. The scheme runs until 30 June 2025, with quotas still.

Solar For Rakyat Incentive Scheme, SolaRIS is an incentive programme launched by the Government aimed at attracting new installations of solar photovoltaic (PV) systems in residential premises. This programme supports the government's goal of increasing renewable energy capacity in the electricity.

Solar For Rakyat Incentive Scheme, SolaRIS is an incentive programme launched by the Government aimed at attracting new installations of solar photovoltaic (PV) system amongst residential customers to increase the renewable energy capacity to 70% by the year 2050 and to reduce carbon emissions.

With creative government schemes to encourage the use of solar energy, Malaysia is setting the pace for a more eco-friendly future. Provided with well-

known programs for the solar panel Malaysia Government Scheme such as the Solar Panel Grant, and the SolaRIS Rebate, are revolutionizing the way.

The rebate for the installation of solar systems, up to RM4,000, under the Solar for Rakyat Incentive Scheme (SolaRIS), will be extended until April 30, 2025, the Ministry of Energy Transition and Water Transformation announced in a statement today. — AFP file pic Stay updated on the latest news.
