

# **Government subsidy for solar container price in Bulgaria**

## Overview

---

The Bulgarian Ministry of Energy has announced that a BGN 240 million (\$134 million) rebate scheme is now open for applications from households seeking to install solar water heating systems and rooftop PV arrays, potentially coupled with battery energy storage systems.

The Bulgarian Ministry of Energy has announced that a BGN 240 million (\$134 million) rebate scheme is now open for applications from households seeking to install solar water heating systems and rooftop PV arrays, potentially coupled with battery energy storage systems.

Bulgarian households can apply for grants for photovoltaic systems and solar collectors for own consumption until November 10. The government's program is worth EUR 123 million, of which EUR 40.8 million is for the first round. As part of the National Recovery and Resilience Plan and.

Bulgarian households can apply for grants to install photovoltaic systems and solar collectors for own consumption. As part of the National Recovery and Resilience Plan, the Ministry of Energy of Bulgaria has financed grants for households of 100% for solar thermal collectors and 70% for.

In Bulgaria, the government's elevated fees for photovoltaic (PV) panels and energy storage batteries are hindering the potential for lower electricity prices. The Association for Production, Storage, and Trading of Electricity (APSTE) has raised concerns that these excessive costs not only impact.

The Ministry of Energy announced for public consultation a procedure by which Bulgarian households can benefit from financing for the construction of photovoltaic systems. Eligible applicants are all natural persons, Bulgarian citizens, citizens of another Member State of the European Union or.

The Bulgarian Ministry of Energy has announced that a BGN 240 million (\$134 million) rebate scheme is now open for applications from households seeking to install solar water heating systems and rooftop PV arrays, potentially coupled with battery energy storage systems. The Bulgarian Ministry of.

It is worth a total of BGN 240 million (USD 134m/EUR 123m), with BGN 140 million coming from the EU's Recovery and Resilience Facility and BGN 100 million being national and private co-financing. The first phase of the programme will allocate BGN 80 million. Download SeeNext's analysis of the.
