Detailed information about the available subsidies and their respective amounts can be found on the official website novazelenausporam.cz, with some subsidies reaching as high as 650,000 Czech crowns.

Detailed information about the available subsidies and their respective amounts can be found on the official website novazelenausporam.cz, with some subsidies reaching as high as 650,000 Czech crowns.

The Czech Republic is pouring an additional CZK 55 billion (\$2.5 billion) into its New Green Savings program, which includes rooftop PV rebates, among other energy-saving measures in the residential sector. The EU has projected that 25% of Europe's electricity needs could be met through rooftop.

Solarstone solar roofs fit perfectly into the scheme. It's an exciting time for energy in the Czech Republic, as the nation pours an additional CZK 55 billion (EUR 2.3 billion) into the New Green Savings program, which provides significant funding for homeowners to install rooftop solar PV systems.

The Ministry of Industry and Trade (MPO) in Czechia has tipped in an additional CZK 1 billion (\$44.13 million) into its subsidy program to provide interest-free loans to the commercial and industrial (C&I) segment to invest in solar and storage systems. This additional funding expands the program's.

Households in the Czech Republic now have the opportunity to benefit from significant state subsidies for energy-saving initiatives through the implementation of the "New Green Savings" (Nová zelená úsporám or NZÚ) program. Designed to promote energy efficiency, the program provides financial.

The New Green Savings Programme administered by the State Environmental Fund of the Czech Republic is one of the most effective programmes in the Czech Republic focused on energy savings in family houses and apartment buildings. During the 2014-2021 programming period, 77,000 beneficiaries.

Households in the Czech Republic can receive hundreds of thousands of

crowns in state subsidies for energy-saving measures. The program called “New Green Savings” (Nová zelená úsporám or NZÚ) offers financial support for a wide range of projects aimed at saving energy. The subsidies are not limited.
