

Government subsidy for solar power storage box in Bulgaria

Overview

As part of the National Recovery and also Resilience Plan and decarbonization efforts, the Ministry of Energy of Bulgaria is getting applications from houses for grants of 100% for solar thermal collectors and as much as 70% for solar setups with or without battery storage space.

As part of the National Recovery and also Resilience Plan and decarbonization efforts, the Ministry of Energy of Bulgaria is getting applications from houses for grants of 100% for solar thermal collectors and as much as 70% for solar setups with or without battery storage space.

The Ministry of Energy of Bulgaria prepared EUR 589 million in grants for standalone energy storage projects. The deadline for applications is November 21. With the surge in photovoltaic capacity, ambitious plans for renewables overall and a collapse in the coal power segment, Bulgaria needs urgent.

Bulgarian houses can request gives for photovoltaic or pv systems and also solar collectors for very own consumption up until November 10. The government's program is worth EUR 123 million, of which EUR 40.8 million is for the first round. As part of the National Recovery and also Resilience Plan.

The Bulgarian Ministry of Energy has opened a public consultation for a new round targeting 1.9 GWh of standalone storage capacity, building on the success of its initial RESTORE procurement, which backed nearly 10 GWh of energy storage development. From ESS News Bulgaria's Ministry of Energy has.

With nearly 10 GWh of standalone energy storage capacity awarded—more than triple the initial target—the country is making significant headway in reinforcing grid stability and accelerating the integration of renewables. Under the RESTORE initiative, launched through Bulgaria's National Recovery.

The Ministry of Energy in Bulgaria has announced that by the application deadline of 5 December 2024, 151 proposals were submitted for the construction of renewable energy storage facilities under the RESTORE procedure. The total value of the proposals reached nearly BGN 5 billion, with

the grant.

Bulgaria has greenlit 249 proposals for the installation of renewable energy and battery storage capacity worth a total of BGN 526 million (USD 293.1m/EUR 268.9m) to receive funding under the National Recovery and Resilience Plan (NRRP).
