

Harbor freight solar battery chargers

Overview

What is the best battery charger in Harbor Freight?

You will find all your necessary tools in Harbor Freight. Among them is your best friend, the battery charger. Of all the options available, there are the best of them. If you are looking for the best battery charger, Vikings Battery Charger got you covered.

Why should you choose Harbor Freight solar panels?

Get free, clean, quiet energy with solar panels from Harbor Freight. Rugged design. Ideal for charging smartphones, tablets and other small electronic devices.

How much does a solar charge regulator cost?

The regulator provides overcharge protection at 14 volts and discharge protection at 10.5 volts. Compare our price of \$14.99 to SCHUMACHER ELECTRIC at \$27.86 (model number: SPC7A). Save 39% by shopping at Harbor Freight. This solar charge regulator protects and regulates the charge of a 12 volt storage battery using solar panels.

How does a solar charge regulator work?

This solar charge regulator protects and regulates the charge of a 12 volt storage battery using solar panels. The solar charge regulator features three LED indicators (high voltage, low voltage, charging) and three connections for the solar panel (keyed two-pin connector), battery (keyed two-pin connector) and 12v output (3 in. pigtail).

What is a solar charge controller?

The charge controller reduces overall system maintenance and prolongs the life of your battery. This solar charge controller or "charge regulator" is capable of handling a solar cell array voltage of 15-25 volts. IMPORTANT.
