In this comprehensive homeowner's guide, SolarReviews experts shed light on everything you need to know about installing a solar panel system, such as: Let's start with the fundamentals of home solar, including how solar panels work, the equipment and the size.

Solar panels are used to power everything from calculators to sports stadiums to satellites — and they can just as easily be used to power a home. You don't need to be a rocket scientist – or anything close to it – to get solar panels for your home. Today, going solar is a routine home improvement.

Today, most homeowners know that installing solar panels can help reduce energy costs and offset carbon emissions, but getting started can be intimidating for first-time buyers. Solar energy is not a simple impulse purchase, but rather a multi-decade commitment that requires a unique solution for.

Going solar is a major investment, and choosing the right solar panel company for the job can make or break the effectiveness of your solar system. Fortunately, there are many excellent solar companies on the market offering advanced technology, affordability, high efficiency, trouble-free customer.

A home solar energy system costs between \$18,000 and \$20,000 before any incentives and typically saves homeowners around \$1,500 annually. The installation cost of solar panels and electricity bill savings depend on local electricity rates, the solar company you choose, how much sunlight your roof.

Adding solar panels to your home could be long overdue. Why trust EnergySage?

Once reserved for climate-conscious homeowners willing to shell out a pretty

penny, solar panels now cover the rooftops of millions of U.S. homes. Why'd they become so popular?

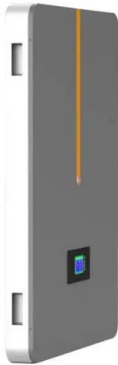

The cost of solar has come down.

Solar projects are making it easier for Americans to choose solar energy to power their homes. [Vea esta página web en Español](#) Since 2008, hundreds of thousands of solar panels have been installed across the country as more and more Americans choose solar energy for their daily lives. Investments.
