Overview

Based on our 2025 survey of 1,000 solar customers, the national average price for a single solar panel professionally installed is $1,200. This means most full-size systems of between 20 and 30 panels cost between $24,000 and $36,000.

Solar panel costs range from $16,600 to $20,500 for the average 6.5 kW system, but prices can vary from as little as $7,700 for smaller solar systems to upward of $34,700 for larger systems. To find the most up-to-date solar panel costs in 2025, we compared research from the U.S. Department of.

Solar panels generate "free" electricity, but installing a system still costs money. A typical American household needs a 10-kilowatt (kW) system to adequately power their home, which costs $28,241 in 2025. That price effectively drops to $19,873 after considering the full federal solar tax credit.

Today's premium monocrystalline solar panels typically cost between 30 and 50 cents per Watt, putting the price of a single 400-watt solar panel between $120 to $200, depending on how you buy it. Less efficient polycrystalline panels are typically cheaper at $0.25 per Watt. The cost of a solar.

This article breaks down how much solar panels might cost you in 2025 and how much money you could save in the long run. Solar panel cost breakdown: What are you paying for?

 Understanding what makes up the cost of a solar system before purchase helps you make smart choices about your home solar.

Get solar power system costs based on your location, roof, power usage, and current local offers. Published: August 2025 Solar panels cost about $21,816 on average when purchased with cash or $26,004 when purchased with a loan

for a 7.2 kW system. While that price tag seems steep, the electricity.

Solar panels cost $1,200 per panel, depending on the type of panel, home size, energy usage, and labor. Clicking "Get Your Estimate" submits your data to All Star Pros, which will process your data in accordance with the All Star Pros Privacy Policy. Understanding solar panel costs is a key step in. How much does it cost to install solar panels?

Find a solar panel installer near you to get an estimate for your home. An average 1,500 square foot home will likely need 16 panels to cover its electric usage. If your home is shaded or faces east/west, you might need more than 16 panels. While panels themselves cost $0.70 to $1.50 per watt, the price to install solar panels costs $3.20 per watt.

How much do commercial solar panels cost?

Generally, installing solar panels on businesses costs a bit less per watt because the systems are larger, but the total costs will be higher. In 2025, the average cost for commercial solar panels is just about $2.00 per watt. There is a lot to consider when figuring out how much you'll spend on a solar installation.

How much does home solar cost?

The average pre-incentive cost of home solar is $29,161 for a three-bedroom house, or $20,412 after claiming the 30% tax credit. However, as shown in the chart below, the number of bedrooms isn't a great indicator of the size and cost of a solar system – and neither is living space, for that matter.

Do solar panels cost a lot?

However, solar costs can vary widely depending on where you live. For instance, states like California and New York often have higher prices due to labor rates and stricter building codes, while states such as Texas and Florida tend to offer more affordable installation options.

How much does a solar system cost per watt?

As of publishing, the average cost per watt is $2.84. Most solar companies set the price according to the solar system's wattage. A solar installation's "cost per watt" is a little like the "price per square foot" when you buy a house. It helps compare the value of solar energy systems in different sizes.

How much does a 6 kW solar system cost?

You'll pay $4,200 to $6,000 to set up a 6 kW system. Concentrated photovoltaic (CPV) panels are $0.80 to $1.10 per watt. While not as well-known as other types of panels, CPV panels are highly efficient and may grow in popularity. A 6 kW solar system would cost $4,800 to $6,600.
