Installation solar panel system companies

Overview

How do I choose a solar installation company?

Research solar installation companies and get multiple quotes: This process can help you get a sense for each company's options and reputation and general expectations for how much power a solar installation can produce on your home. We suggest vetting at least three solar companies, depending on the availability in your area.

How do I meet with a solar installer?

When you meet with a solar installer, a representative should walk you through the company's specific design and installation process, but below, we'll give you a high-level overview of how solar installation typically works.

How do I get a solar installation?

Fill out the online form, and a trusted independent installer will call you to schedule a consultation. The solar specialist will review suggestions for your home based on square footage, power needs and appliance wattage to ensure a whole-home solution.

How do I find the best solar company?

To help calculate the best solar company ranking, the Forbes Home editorial team analyzed 24 solar companies, with each company's star rating determined by evaluating a variety of metrics, including years in business, panel variety offered, the results of our NPS survey and more.

What are people saying about solar installation services in Los Angeles?

What are people saying about solar installation services in Los Angeles, CA?

"Tim and the team at AWS Solar did a very thorough job explaining what and why we needed to have a specific system that would satisfy our household's needs. High quality install and recommendations of areas that needed repair

in advance of install.

How much does a home solar system cost?

The average cost of a home solar system in the U.S. is around \$16,129 or \$14 per panel, based on responses to our 2025 survey of solar customers nationwide. Solar incentives such as the 30% federal tax credit, state tax credits, and local rebate programs can help reduce the cost of a home solar system.
