[Error when installing WSL and Ubuntu on Windows 11](#)

2022?12?29? · I'm attempting to install Ubuntu on a Windows 11 pc (build 22621.963) using WSL, but I'm receiving the following error: Ubuntu was installed from the Microsoft Store. ...

[How do I install a b file via the command line?](#)

2011?5?6? · With modern apt I would recommend doing `sudo apt install ./package b` instead. This allows automatically installing all the dependencies and it does all the extra sanity checks that `dpkg` will not implement because it's a low level command. Note that without the prefix `/` or `./` some versions of apt may not understand that you're trying to refer to file name, not a ...
