

# Lighthouses for yard solar powered

## Overview

---

By harnessing the power of the sun, solar powered lighthouse lights use built-in solar panels to charge during the day and illuminate your yard at night. This means you can enjoy the warm, inviting glow of a lighthouse beacon without worrying about energy costs or the environment.

By harnessing the power of the sun, solar powered lighthouse lights use built-in solar panels to charge during the day and illuminate your yard at night. This means you can enjoy the warm, inviting glow of a lighthouse beacon without worrying about energy costs or the environment.
