We carry solar panel mounts for every variation of solar energy system you could create for your boat or RV. This includes solar panel roof mounts, pole mounts, sun-tracking mounts, and ground mounts. We only list a small portion of all the PV panel mounts available here.

What is a universal solar Mount?

[Drill Free Or Drill Install Mount]--This universal solar mount is made from High Quality ABS super hard plastic. It's a set of mounting bracket that help to secure solar panel to a desired surface, such as on vehicle, RVs, marines, roofs, motor homes, camping. Normally it is best for 20w, 30w, 50w, 100watts, 150w, 200w solar panel.

What is a link solar adjustable Rack solar panel mount?

The Link Solar Adjustable Rack Solar Panel Mount is another adjustable bracket, enabling the maximum performance of the panels. It's a rack system, so it has a long strip bracket that attaches to the roof. The beauty of this system is the capacity it can handle. If you invest in the 41-inch bracket, it'll

take the weight of a 300w solar panel.

Can a canal boat fit solar panels?

A canal boat's design makes them ideal vessels to fit solar mounts. Their robust steel roofs can withstand the most durable solar panel mounts. This means larger panels can be attached to increase onboard power input. Because of their long shape, canal boats allow various panel mount options.
