Marine solar panels for sale

Overview

What types of solar panels are available for boats & vans?

We provide all sizes of premium, marine grade flexible (bimini mounted), walkable (deck mounted), rail mounted carbon fiber, and rigid (arch/davit/deck) marine solar panels for boats and vans. We use the highest efficiency solar cells available to maximize power output per square foot.

Are solar panels marine grade?

All solar panels are marine grade, high output (22.5-25.4% efficient) Class A+ marine grade and backed with a 5 year manufacturers and CMP warranty. Flexible solar panels are ideal for mounting on a bimini top or a curved deck surface, semi-rigid solar panels are ideal for mounting on a rigid surface and can be walked on.

What are the best marine solar panels?

The best marine solar panels have five essential components: 1. Sunpower cells - even if a cell is partially shaded they still produce power. Sunpower's A+ grade cells (Maxeon) are among the best available putting out up to 25.4% efficiency. 2. Potted (silicone filled) junction boxes - so saltwater cannot corrode the electronics. 3.

Are marine solar panels a good source of electrical power?

Marine solar panels are an excellent source of electrical power for your cruising sailboat or power boat (or camper van or houseboat or off-grid home). We at Custom Marine Products have developed numerous approaches to installing marine solar systems easily and cost effectively. Here is our full line of solar panels.

How do I choose a marine solar panel?

Select marine solar panels that will give you the right amount of solar power to meet your energy requirements. For example, if you only need solar power

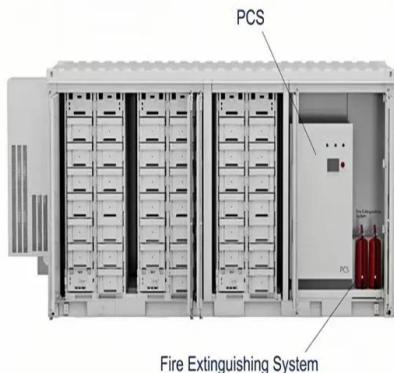

on the boat to charge devices in the short term, 50W or 100W might be enough for your trip.

What types of boats can you outfit with solar panels?

We outfit sailboats, power boats, yachts, houseboats, trawlers, tugboats, pleasure boats, commercial fishing and ferry boats, navigation buoys, vans and RVs. Our solar panels are designed in the USA and built to our specifications especially for marine environments by highly acclaimed manufacturers.
