

**Solar360 Mobile Energy**

# **Mobile pv generator EPC service price in Netherlands**

**LFP 48V 100Ah**

## Overview

---

### What is an EPC company?

We are a EPC company. We deliver complete projects and are committed to all their phases, from concept development, feasibility studies and design to procurement, construction and commissioning. With us as an EPC company, you bring more than 60 years of experience and expertise in the industry into the project.

### Why should you choose an EPC company?

With us as an EPC company, you bring more than 60 years of experience and expertise in the industry into the project. We have the necessary knowledge and skills, resources and engineering ability, to implement each project safely, on time and on budget. Lets build the future together.

### What makes KPV high performance modules so special?

KPV modules withstand highest snow loads (5400 Pa) and are extremely hail resistant (twice the IEC requirements!) All main components of these KPV high performance modules are of European origin, thus guaranteeing superior product quality for an extremely long life time.

### Why is a valid EPC important?

Throughout Europe, possessing a valid EPC is imperative for properties in the leasing or selling process, acting as a pivotal gauge of a building's energy efficiency. Specifically in Amsterdam, there are Minimum Energy Efficiency Standards (MEES) that must be met for the leasing or selling of a building or unit.

### Are EPCs required for all buildings?

**Mandatory for All Buildings:** Unlike some other EU countries where EPCs are only required for specific types of buildings (e.g., newly constructed or renovated), Amsterdam mandates EPCs for all buildings, residential and non-

residential, when they are put up for sale or rent.

### Why do you need a design engineer for EPC Contracting?

For successful contracting and realization of a large number of very complex EPC contracts, it is necessary to have an extremely trained, experienced and powerful team of design engineers. Our highly qualified design teams have enabled us to perform competitively on even the most complex projects.

## Mobile pv generator EPC service price in Netherlands
