

Mobile solar container project ROI in South Africa

Overview

Are solar projects a good investment in South Africa?

While the upfront investment varies based on project size and location, the potential returns far outweigh the initial costs, especially considering South Africa's ample UV rays and favourable regulatory environment. Calculating the return on investment (ROI) is where the real magic of solar projects comes into play.

What makes our containerised solar power generation units special?

“What makes our containerised solar power generation units special,” says Tobias, “is our use of international quality engineering and components, while still producing local content that allows us to offer a price advantage and local support. We pride ourselves that our energy solutions are made in Africa for Africa.”.
