Who are the most important renewables EPC companies in Europe?

The following article presents five of the most important renewables EPC companies in Europe: 1. Intec Energy Solutions (Nürnberg, Germany) Intec Energy Solutions is one of the largest EPC companies in Europe.

What does an EPC company do?

EPC companies provide comprehensive services for the development, design, construction and often also the operation and maintenance of projects in various industries, one of which is the renewable energy sector. Here, EPC companies play a crucial role in the successful implementation of solar parks, wind farms and more.

How does EPC work?

In the EPC (Engineering, Procurement and Construction) of solar power plants, we design the selection and layout of the equipment to suit the characteristics of the site to maximize the amount of power generated, as well as the civil engineering, cabling and power transmission. We use our global purchasing network to source the equipment needed
