

# Mobile solar station quotation in Brazil 2026

## Overview

---

How many solar energy systems will Brazil have by 2024?

The country expects to have 1.2 million solar power generation systems by 2024. With its net-meter policy and decreasing solar energy cost, Brazil's solar energy is anticipated to increase during the forecast period. Brazil is one of the most advanced countries in South America with respect to the development of renewable energies.

What is the competitive landscape in the Brazil solar power market?

The competitive landscape in the Brazil solar power market is dynamic, with various strategies and innovations shaping the market, ensuring a robust and sustainable energy future for Brazil.

What is solar energy in Brazil?

Solar energy is heat and radiant light from the Sun that can be harnessed with technologies such as solar power (which is used to generate electricity) and solar thermal energy (which is used for applications such as water heating). The Brazil solar energy market is segmented by technology and geography.

Will a fee be applied for solar energy in Brazil?

However, Brazil's electricity regulator, Agência Nacional de Energia Elétrica (ANEEL), proposed to apply a fee for solar systems with up to 5 MW of power generation capacity. Further, installing other renewable energy sources such as wind, hydro, and others is expected to hinder the market's growth during the forecast period.

Will Brazil's solar power sector lead the regional market in 2022?

Solar PV picked pace from 2017, with the total capacity increasing to 24.08 GW in 2022. Overall, Brazil's solar power sector has experienced decent growth with its economic recovery since 2017, and it may lead the regional market in the future.

Will Latin America become a top 5 solar market in 2026?

Latin America's solar leader is set to become one of the top five global markets in the next five years, reaching 54 GW total solar capacity by 2026, according to SolarPower Europe. pv magazine recently sat down with Dr. Rodrigo Lopes Sauaia, the CEO of ABSOLAR, to discuss the report and Brazil's place in the global solar market.
