

# **Mobile solar unit quotation in New Zealand 2026**

## Overview

---

How much does solar cost in New Zealand?

Every home (and region) is different, and installers often offer special deals, but installed solar now costs around \$2,000 per kW in New Zealand. Home systems in New Zealand are commonly around 4-5kW in size, although you could choose to go much larger. Make sure you get a few quotes from different installers.

Can we forecast utility-scale solar uptake in New Zealand?

One of the challenges in forecasting utility-scale solar uptake in New Zealand is the absence of any built schemes from which to draw insights and to benchmark potential forecast schemes against.

How big should a solar system be in New Zealand?

Home systems in New Zealand are commonly around 4-5kW in size, although you could choose to go much larger. Make sure you get a few quotes from different installers. A solar system requires a smart meter on your main connection, and if your switchboard is old, it might need replacing. Your installer should tell you if yours needs upgrading.

How do I choose a utility-scale solar site in New Zealand?

Solar resource also varies widely throughout New Zealand and there are many potential sites for utility-scale solar across the entirety of New Zealand. Selecting and ranking suitable utility-scale solar sites would require matching the LCOE with prevailing locational electricity prices.

Could utility-scale solar development become economic in New Zealand?

One of the key findings from this study is how rapidly utility-scale solar development could become economic in New Zealand. For example, if all economic utility-scale solar systems were built within the existing grid capacity, there could be several gigawatts of development in the space of

5-10 years.

What is a typical grid-connected solar system size in New Zealand?

Common residential grid-connected system sizes installed in New Zealand range between 3kW and 5kW. [View grid-connect solar power system prices here](#). Learn more about grid connect systems. Similar to a grid-connected system.
