

# **Mobile solar unit quotation in Turkey 2026**

## Overview

---

What is Turkey's latest solar tender?

Turkey has launched its latest solar tender, seeking 800MW of capacity to be split between six projects in six regions across the country.

When will the next solar power auctions take place in Turkey?

The Ministry of Energy and Natural Resources of Turkey will receive applications on January 27 for the next round of solar power auctions. Earlier it said it plans the bidding for the 800 MW in total connection capacity to be held on February 4.

When is Solarex Istanbul 2026?

The pulse of the world's "Energy" power and the roadmap for energy will be determined at the 18th SolarEX Istanbul on April 8-10, 2026! The International SolarEX Istanbul Fair, which will host investors from 125+ countries and 5 continents, is preparing to open its doors for the 18th time in 2026.

What is the future of solar energy in Turkey?

The Turkey solar energy market also attracts tracker specialists, with PVH supplying single-axis systems to a 157 MW plant in Şanlıurfa. This opens a service ecosystem in O&M, drone-based inspections, and digital performance analytics. White-space opportunities arise in storage, green hydrogen, and agrivoltaics.

What is Solarex Istanbul?

At the largest International Solar Energy and Technologies Fair in Eurasia, Solarex Istanbul, sector leaders, associations, and unions, as well as renewable and continuous solar energy sources, will emphasize the importance of solar energy with conferences held concurrently with the fair.

What happens if you win a solar power auction in Turkey?

The winners at the auctions get grid connections for 49 years, a minimum price during the initial, five-year open market sale period and a guaranteed price for another 20 years. The Ministry of Energy and Natural Resources of Turkey will receive applications on January 27 for the next round of solar power auctions.
