

# **Off grid solar installer forum**

## Overview

---

What is an off-grid Solar System?

Off-Grid Solar Systems. All battery based fixed site systems, including solar powered cabin/home/cell phone sites, etc. Testing efficiency of off-grid systems - is there an app for it?

How to reduce a WZRELB /RELIABLE PURE sinewave inverter output voltage?

Can We Connect Two Separate MPPTs to Two Batteries in Parallel ?

BB.

Is it possible to save money on solar panels if you're off-grid?

Oh, also something to point out, most of us that are off-grid are very DIY. You can often cut 50% off the price on a solar stuff by doing it DIY and bargain hunting, but there is a massive learning curve to do it.

Should I hire a solar installer?

If your needs are more complicated, you can always hire an EE with solar expertise to double check your design and help with permitting. Even then you'll save money over full-service installer rates.
