What are solar post lights?

Solar post lights are a convenient way to light outdoor spaces that may be out of reach of electrical connections. Compare the run times and lumens light output the designs you like to find the best fit for your home. If you need help talk to one of our lighting experts to get personalized lighting recommendations.

How bright are solar lamp post lights?

The brightness of solar lamp post lights is measured in lumens. For ambient lighting, 70–100 lumens are sufficient, while larger spaces may require models offering 200 lumens or more. Assess your lighting needs based on the size and usage of your outdoor area. Solar lamp post lights are available in vintage, modern, and minimalist styles.

What are solar lamp post lights with planters?

Our solar lamp post lights with planters are the perfect accessory for showing any flowers or foliage. You can use these solar street light posts in the front/backyard, along the driveway, walkway, sidewalk, or around your patio or porch.

How long does a solar lamp post light last?

A good solar lamp post light should provide at least 6–10 hours of illumination after a full day of charging. High-efficiency solar panels with monocrystalline or polycrystalline technology ensure reliable performance. Most solar lamp post lights come with pier and pole mount options.

Do solar lamp post lights come with Pier & pole mount?

Most solar lamp post lights come with pier and pole mount options. Ensure compatibility with your intended installation surface, whether it's a wooden deck, concrete base, or existing pole. Easy-to-install models save time and effort. Motion Sensors: Enhance security by activating lights upon detecting movement.
