

Phoenix solar panel installation

Overview

How long does it take to install solar panels in Phoenix?

Efficient Solar Panel Installation with Minimal Disruption! Our skilled technicians in Phoenix install your solar panels quickly and proficiently, often within a single day. We respect your time and property, guaranteeing a swift and smooth installation process that sets you up for immediate solar benefits.

Do you install solar panels in Arizona?

While we specialize in solar panel installation in Arizona, we are also available for roofing and HVAC services to maintain optimal comfort in your home. We install solar rooftop panels to generate the power you need to rely solely on home solar electric.

Should you upgrade to solar energy in Phoenix?

When you live in the Valley of the Sun, upgrading to solar energy makes sense. Phoenix gets about 300 days of sunshine yearly, adding up to more than 3,800 hours that you could use solar to generate your power.

Do I need a solar battery in Phoenix?

No, you don't need to install a solar battery in Phoenix. Solar panels can operate and lower your electricity bill even without a battery. However, a solar battery might be a worthwhile investment in some cases. A battery can provide backup power and priceless peace of mind in places with prolonged grid blackouts or extreme weather events.

Are solar panels a good selling feature for Arizona Homes?

Solar panels are an attractive selling feature for Arizona homes. If you decide to sell your home, having solar panels can attract more buyer attention and boost the overall sale price—yet another way for you to recoup your initial investment. PEP Solar, a premier solar installer in Phoenix, pioneers sustainable energy solutions.

Should you get a solar loan in Phoenix?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the incentives (tax credits, rebates, etc.) available in Phoenix, rather than a leasing company retaining them.
